

## ANSWERING REVIEWERS

April 22, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format.

**Title: Extensive calcifications in portal venous system in one patient with hepatocarcinoma**

**Author:** Cheng-En Wang, Cheng-Jian Sun, Shuai Huang, Yan-Hua Wang, Ling-Ling Xie

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 10085

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Hepatocarcinoma is referring to 'hepatocellular carcinoma' in this article, because it has been proved as hepatocellular carcinoma in low-grade differentiation level confirmed by surgery and pathology

(2) All abbreviations has be defined on first use, e.g. CT, HbsAg, AFP.

(3) "Antigen of second liver surface" has been replaced by HBsAg.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Cheng-En Wang
