

ANSWERING REVIEWERS

August 26, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 11599_LTT_TLR_CRC_review_WJG_20140826).

Title: Toll-like receptor signaling in colorectal cancer: carcinogenesis to cancer therapy

Author: Tingting Li, Shuji Ogino, Zhi Rong Qian

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 11599

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Authors should in their review focus only on the involvement of TLR in colorectal cancer;
We have deleted the detail about other diseases.

(2) The possible involvement of each TLRs in CRC should be shown in a figure;
We show the TLRs involving in CRC in Figure 2.

(3) The summaries on therapy with TLR agonist in all cancer types should be omitted, and the authors should only concentrate on TLRs in CRC;
We have deleted the therapy in other cancers.

(4) The Figures 2 should be changed. It is not easy to understand the message of this figure.
We have revised the Figure 2.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,
Zhirong Qian
