

## ANSWERING REVIEWERS

October 18, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 13926-Eited1017.docx).

Thank you for your review of our manuscript. We appreciate the concerns and suggestions provided by the reviewers, and have revised our manuscript accordingly. Our point-by-point responses are provided below. We know that your journal has high publication standards, so we have already had the language of this paper corrected by American Journal Expert, as your advice.

Upon review of our revised manuscript, we hope that you will find it acceptable for publication in World Journal of Gastroenterology and we look forward to your response.

Title: Evaluation of the 7th edition of the TNM classification in patients with resected esophageal squamous cell carcinoma

Author: Jia Wang, Nan Wu, Qingfeng Zheng, Shi Yan, Chao Lv, Shaolei Li, Yue Yang

Name of Journal: World Journal of Gastroenterology

ESPS Manuscript NO: 13926

We have corrected the grammar and spelling errors according to the suggestions of the first reviewer;

and the manuscript has been improved according to the suggestions of the second reviewer as following:

- 1 The abstract has been added.
- 2 All abbreviations have been defined when first appear in the article.
- 3 References were corrected as required in the instruction for authors.
- 4 We went through the article and corrected the orthographic mistakes.
- 5 The figures were reduced from 6 to 3.
- 6 The discussions were shortened.

Thank you again for publishing our manuscript in the World Journal of Gastroenterology.

Sincerely yours,

Yue Yang, MD
