

August 25, 2012

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: **10672**-case report.doc).

**Title:** Placement of  $^{125}\text{I}$  seed strands and stents for Bismuth type IV Klatskin tumor

**Author:** Wen Zhang, MD, Zheng-Qiang Yang, MD, Hai-Bin Shi, MD, Shen Liu, MD, Wei-Zhong, Zhou, MD,  
Lin-Bo Zhao, MD

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 10672

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated.

2 Revision has been made according to the suggestions of the reviewer

(1) . We shorten the title from “Placement of  $^{125}\text{I}$  seed strands and stents in the right and left intrahepatic bile ducts for the treatment of Bismuth type IV Klatskin tumor: a case report” to “Placement of  $^{125}\text{I}$  strands and stents for Bismuth type IV Klatskin tumor”.

(2). We corrected the unit of TBIL and DBIL from mmol/L to  $\mu\text{mol/L}$  because originally typos mistakes. According the reviewer’s recommendation, we add bilirubin values in mg/dl for those readers who use these units,

(3). We add ‘While, the  $^{125}\text{I}$  seeds strands could not be replaced or removed after isotopic radiation energy attenuation in half a year’ in discussion to clarify the limitation of this technique.

3 References and typesetting were corrected.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Zheng-Qiang Yang, MD
