The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) The paper has been corrected by a native speaker, because the professional English language editing companies is too expensive for me. I searched for a foreign friend; she helped me check the paper.

(2)About the authors' names , just the problem of first name and last name , I have checked them.

(3)I have defined high c-MET expression.

(4)I have rewrite the the result and discussion sections.

.....

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.
