

ANSWERING REVIEWERS

December 3, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 14156-review.doc).

Title: Alteration of serotonin, transient receptor potential channels and protease-activated receptors attenuated by Shugan decoction

Author: Hai-Lian Shi, Chu-hsuan Liu, Li-Li Ding, Yu Zheng, Xiao-Yan Fei, Lu Lu, Xue-Ming Zhou, Jian-Ye Yuan, Jian-Qun Xie

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 14156

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated.

2 Revision has been made according to the suggestions of the reviewer

(1) The word “atractylenolide ‘□’” in page 6 and line 12, page 7 and line 9, page 11 and line 7 is “atractylenolide III”.

(2) Student's t-test and ANOVA were described in detail in Figure legends of the revised manuscript and were highlighted in blue color.

(3) For the references (Ref. 6, 7, 29) that have not been indexed by PubMed, a printed copy of the first page of these references has been submitted.

3 References and typesetting were corrected and were highlighted in blue color.

4 All the revised part was highlighted in blue color in the revised manuscript.

5 The manuscript has been revised carefully by the authors and has been edited by the professional English language editing company.

6 The title has been revised as “**Alteration of serotonin, transient receptor potential channels and protease-activated receptors attenuated by Shugan decoction**”.

7 The “Method” and “Results” parts of “Abstract” have been revised according to Editor's suggestions, and the revised parts were highlighted in blue color.

Thank you!

Sincerely yours,

Jian-Ye Yuan
