

ANSWERING REVIEWERS

May 23, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 17452-review.doc).

Title: LDL receptor genetic polymorphism in chronic HCV Egyptian patients, regarding treatment response
A Case Control Study

Author: Mazen Naga, Mona Amin, Dina Algendy, Ahmed Elbadry, May Fawzi, Ayman Foda, Serag Esmat, Dina Sabry, Laila Rashed, Samia Gabal, Manal Kamal

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 17452

The manuscript has been improved according to the suggestions of reviewers:

1. Format has been updated according to the *World Journal of Gastroenterology* requirements.
2. All the Editor comments and corrections have been made as recommended.
3. Revision has been made according to the suggestions of the reviewers:
The Reviewers Comments and My reply to each point:

(1) First Reviewer (02991546) Comments:

“This report was very interesting study about HCV and LDLR polymorphism. Hepatitis C virus (HCV) particles are known to be in complex with lipoproteins. Discussion need to be more detail about LDLR and HCV.”

My Answer:

The discussion section was revised with further details added about LDLR and HCV as recommended.

(2) Second Reviewer (02967329) Comments:

“The manuscript s lacking in English language. The data is good and qualify all the criteria to get publish after making some minor changings.”

My Answer:

Complete English Edition was done as recommended.

The English language editing was done by American Journal Experts: <http://www.aje.com>

The certificate of English Edition is attached with the other documents.

4. References were updated and corrected according to *World Journal of Gastroenterology* requirements and typesetting was corrected.

Thank you again for considering our manuscript for publication in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in black ink that reads "Mona Amin". The signature is written in a cursive style. Below the signature, there are two horizontal lines. The first line is a solid line, and the second line is a dashed line. To the right of the dashed line, the number "5" is written. Below the dashed line, the year "2016" is written.

Mona Amin, MD,

Department of Internal Medicine

Faculty of Medicine, Cairo University

Cairo 11562, Egypt
