

Dear reviewers:

On behalf of my co-authors, we thank you very much for giving us an opportunity to revise our manuscript, we appreciate editor and reviewers very much for their positive and constructive comments and suggestions on our manuscript entitled "P2Y1R involved in visceral hypersensitivity in irritable bowel system like rat model". (Manuscript NO.: 34114). We have studied reviewer's comments carefully and have made revision which marked in black in the paper.

Reviewer 1:

Combined with the content of the article, we have made the appropriate changes at the discussion part, where we added contents about comorbidities or extra-intestinal symptoms of IBS and joined the two literature you suggested.

Reviewer 2:

About the English writing of the manuscript, we ask for native English speaker to revise the paper before it was submitted to the magazine and this time. I don't know whether it has reached to your magazine's standard.

We have tried our best to revise our manuscript according to the comments. Attached please find the revised version, which we would like to submit for your kind consideration. We would like to express our great appreciation to you and reviewers for comments on our paper. Looking forward to hearing from you.

Thank you and best regards.

Sincerely,

Jie Wu
