

On behalf of all the authors I thank the Editor and the reviewers' in helping us to improve the quality of the manuscript. All the comments and suggestions were carefully reviewed and the manuscript has been revised accordingly as listed below.

Reviewing: Comments to the Author

Comment

In the materials and methods section the authors stated that after 24 h the cancer cells were treated with 0, 2.5, 5, 7.5, 10 or 20 μ M TQ. It is not clear whether all the tumor cells treated with equal doses of TQ or tumor cells are divided into groups according to the dose of the drug.

Response:

Necessary changes have been made according to the reviewer's suggestion.

Comment

However some difficulties in interpretation remain because of spelling and grammar. Please have the manuscript carefully revised for English grammar and content.
