

Reviewer Report:

Reviewer #1:

There was no suggestions on revision. On behalf of all authors, I appreciate the reviewer's input into this manuscript.

Science Editor:

1. Please provide the Figures cited in the original manuscript in the form of PPT.

Reply: The figures cited in the main text have been included in a PPT file..

2. Please don't include any *, #, †, §, ‡, ¥, @....in your manuscript

Reply: We have removed the relevant symbols.

3. Please add the Core tip section. The number of words should be controlled between 50-100 words

Reply: We have added the core tips in the title page, and the audio core tips were also uploaded.

3. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references

Reply: We have corrected the format of reference list according to the requirement.

4. The "Article Highlights" section is missing.

Reply: We have added the "Highlights" section at the end of the main text and before the "References" section.

5. Abbreviations other than special types of words such as COVID-19 and SARS-CoV-2 are not allowed in the article title, and no more than 18 words are allowed. The title cannot start with "the, a, an"

Reply: We have replace the abbreviation "HAIC" with"Hepatic arterial infusion chemotherapy" in the title.

6. There are many errors in grammar and format, throughout the entire manuscript.

Reply: The grammar errors mentioned above have been corrected and a professional English language editing company will polish the manuscript further to meet the publication requirement (Grade A)
