

Dear Editor,

Attached is the edited manuscript in Word file (IFG.WoJDb.1963-edited) titled '*Impaired fasting glucose: pro-diabetic, "atheroprotective", and modified by metabolic syndrome*' by Altan Onat and co-workers.

The manuscript has been formatted as suggested. References and typesetting now conform to the suggestions. A Core tip summary and Comments section have been written.

King regards,

Altan Onat, MD, FESC  
Istanbul 34335 Turkey
