Dear Fang-Fang Ji,
Science Editor, Editorial Office

We appreciate the editor's and the reviewers' constructive comments.

We implemented those throughout the manuscript.

Please find enclosed the edited manuscript in Word format (file name: 13672-review.doc).

Title: Short and long term neuro-behavioral alterations in type 1 diabetes mellitus pediatric population

Author: Edna Litmanovitch, Ronny Geva, Marianna Rachmiel

Name of Journal: *World Journal of Diabetes*

ESPS Manuscript NO: 13672

The manuscript has been improved according to the suggestions of reviewers:

1 Details of addresses were completed and format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Conflict-of-interest statement was added

(2) Core tip was added

(3) The "conclusion" section was divided into "discussion" and "perspectives"

(4) The "perspectives" section was extended to include possible implications in diabetes care and management that may be derived from this review. Possible future research implications were also added, as advised.

3 References and typesetting were corrected

Thank you again for accepting our manuscript for publication in the *World Journal of Diabetes*.

Sincerely yours,

Marianna Rachmiel, MD,
Head of Pediatric and Adolescents Diabetes Mellitus Service,
Division of Pediatrics (Building 123)
Assaf Haroffeh Medical Center, Zerifin section on 44 Road, Zerifin, 70300, Israel.
