

Dear Editor,

Thank you very much for giving us an opportunity to revise our manuscript, we appreciate editor and reviewers very much for their positive and constructive comments and suggestions on our manuscript entitled “Effect of enhanced recovery after surgical nursing combined with mental health education on postoperative recovery and mental health of patients undergoing laparoscopic resection of liver metastases of colorectal cancer”. We have fully revised the manuscript according to you and the reviewers’ comments in the revised manuscript and as follows:

We would like to express our great appreciation to you and reviewers for comments on our paper. Looking forward to hearing from you.

Thank you and best regards.

Reviewer 1 Comments:

1) The abstract is too long, please only keep the key methods and results.

Response: Dear reviewer, thanks for your review. According to your advice, we have shortened the abstract. Please check. Thank you very much for your review again.

2) Figures and tables should be moved to the end of the text.

Response: Dear reviewer, thanks for your review. According to your advice, the figures and tables have been moved to a separate text. Please check. Thank you very much for your review again.

3) The references list should be edited according to the journal’s guideline.

Response: Dear reviewer, thanks for your review. According to your advice, the reference list has been edited according to the journal’s guideline. Please check. Thank you very much for your review again.

Reviewer 2 Comments:
