

3 SCIENTIFIC QUALITY

Reviewer #1:

Scientific Quality: Grade C (Good)

Language Quality: Grade C (A great deal of language polishing)

Conclusion: Minor revision

Specific Comments to Authors: A review manuscript in the field of *Helicobacter pylori* extragastric diseases. The syntax of the language needs to be corrected.

Figure 1 has been drawn about the effects of external factors such as obesity on gut microbiota growth. Please clear shortly about the indirect and direct effects of external factors on the microbiota.

- the mechanism about obesity, microbiome and oncogenesis has been described in the manuscript (new citations added).

In conclusion part, the authors explain three mechanisms that contribute to carcinogenesis. Which one is related to the autoimmune mechanism?

- bacterial overgrowth, bacterial dysbiosis and onco biome were added as a possible forth mechanism. To the manuscript were also added that chronic inflammation and onco biome could be related with autoimmune mechanism.

4 LANGUAGE QUALITY

Please resolve all language issues in the manuscript based on the peer review report. Please be sure to have a native-English speaker edit the manuscript for grammar, sentence structure, word usage, spelling, capitalization, punctuation, format, and general readability, so that the manuscript's language will meet our direct publishing needs.

- The manuscript was corrected by Gale Kirking English Editorial Services. The certificated is attached.

5 EDITORIAL OFFICE'S COMMENTS

Authors must revise the manuscript according to the Editorial Office's comments and suggestions, which are listed below:

(1) Science editor: 1 Scientific quality: The manuscript describes a review of the *Helicobacter pylori* infection and other bacteria in pancreatic cancer and autoimmune pancreatitis. The topic is within the scope of the WJGO. (1) Classification: Grade C; (2) Summary of the Peer-Review Report: Reviewer 05372581's comment is invalid. The authors reported a review manuscript in the field of *Helicobacter pylori* extragastric diseases. However, the syntax of the language needs to be corrected. The questions raised by the reviewer should be answered; and (3) Format: There is 1 table and 2 figures. A total of 51 references are cited, including 13 references published in the last 3 years. There are no self-citations. 2 Language evaluation: Classification: Grade C. 3 Academic norms and rules: No academic misconduct was found in the Bing search. 4 Supplementary comments: This is an invited

manuscript. The study was supported by 1 grant. The topic has not previously been published in the WJGO. 5 Issues raised:

(1) The language classification is Grade C. Please visit the following website for the professional English language editing companies we recommend: <https://www.wjnet.com/bpg/gerinfo/240>;

- The manuscript was corrected by Gale Kirking English Editorial Services. The certificated is attached.

(2) The "Author Contributions" section is missing. Please provide the author contributions;

- added to the manuscript

(3) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s);

- uploaded to the submitting system

(4) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;

- The figures were created by our draftsmen from our University, they provide final form of the pictures and, therefore, unfortunately we are not able to provide figures in different possibly changeable files.

(5) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout;

- added to the manuscript

(6) The reference's number cited in the text should be superscript;

- references were changed accordingly

(7) Please obtain permission for the use of picture(s). If an author of a submission is re-using a figure or figures published elsewhere, or that is copyrighted, the author must provide documentation that the previous publisher or copyright holder has given permission for the figure to be re-published; and correctly indicating the reference source and copyrights. For example, "Figure 1 Histopathological examination by hematoxylin-eosin staining (200 ×). Citation: Yang JM, Sun Y, Wang M, Zhang XL, Zhang SJ, Gao YS, Chen L, Wu MY, Zhou L, Zhou YM, Wang Y, Zheng FJ, Li YH. Regulatory effect of a Chinese herbal medicine formula on non-alcoholic fatty liver disease. World J Gastroenterol 2019;

25(34): 5105-5119. Copyright ©The Author(s) 2019. Published by Baishideng Publishing Group Inc[6]”. And please cite the reference source in the references list. If the author fails to properly cite the published or copyrighted picture(s) or table(s) as described above, he/she will be subject to withdrawal of the article from BPG publications and may even be held liable.

- All two images were created by our University. The original pictures only served as an inspiration. Furthermore, ideas from several sources were blended to create our pictures, which, therefore, do not break the copyright of the original works. Even more, the original sources are cited.

6 Re-Review: Not required. 7 Recommendation: Conditional acceptance.
