

Ioannina, 4/6/2019

Dear Editors,

We would like to thank you and the reviewers for reviewing our manuscript and providing much helpful remarks and constructive criticism, which gave us the opportunity to clarify several points and improve it.

We provide a point-by-point response to the comments made by the reviewers and we highlight the additions made in revised manuscript using underlined text.

Kind regards,

Answers to Reviewers' and Editors' Comments to Author:

Reviewer 1

- Following your suggestion, a comment about the non-correlation between the clinical and histological findings in IBD patients and the need for histological evaluation of pseudopolyps except for their presence, was added.

Editor

- A language certificate by professional English language editing companies is provided.

- A core tip was added
- The necessary additions and reformation of the text according the magazine requirements were made
