

Dear Reviewers,

Thank you very much for the information regarding the preliminary acceptance for publication of manuscript NO 68702 and for all the useful suggestions. We carefully read the remarks and I we made the necessary correction.

1. We shortened the abstract
2. We add highlights, author contribution and acknowledgements
3. We corrected the abbreviations
4. We followed the recommended template
5. We corrected the references format
6. We improved the language and scientific quality of the manuscript

Thank you very much for your answer,

Kind regards

Elena Curakova Ristovska
