

Dear editorial Office;

We read the your comments and revised our manuscript.

- The tables were organised due to the “instruction to authors”. Because of that we could not improved them.
- Spelling mistakes were corrected.
- We explained what the capitonnage.
- We mentioned the frequency of anaphylaxis of percutaneous fine needle biopsy in the text.
- We corrected the “kız vezikül” as “doughter cysts”.
- Figure 3 and figure 7 replaced with it’s editable ones.

The revisions will be highlighted in yellow. Thank you for your attention and time.
