

June 5th 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 3246-review.doc).

Title: Choledochocoele with Pancreas Divisum: A Rare Co-Occurrence Diagnosed on Magnetic Resonance Cholangiopancreatography.

Author: Yashwant Patidar, Nitesh Agarwal, Shailesh Gupta, Ankur Arora, Amar Mukund, S Rajesh

Name of Journal: *World Journal of Radiology*

ESPS Manuscript NO: 3246

The manuscript has been improved according to the suggestions of reviewers:

1. Title has been changed along suggested lines.
2. Contribution of each author has been added.
3. A new image has been provided which depicts both the abnormalities with better clarity.
4. Revision has been made according to the suggestions of the reviewer
 - “Small choledochocoele is a rare congenital malformation associated with non-specific symptoms and a delay in diagnosis” *changed to* **“Choledochocoele is a rare congenital malformation associated with non-specific symptoms which may result in a delay in diagnosis”**.
 - Epigastralgia changed to epigastric pain
 - UGI endoscopy added
 - Cholangiogram changed to cholangiography.
 - Choledochocoele changed to **A choledochocoele** at two places.
5. Rest of the issues raised by the reviewers have been addressed in the discussion.
6. Two new references have been added and the previous ones re-arranged and modified accordingly.

Thank you again for publishing our manuscript in the World Journal of Radiology

Best regards,

Dr. Yashwant Patidar, MD
