

August 7, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 3851-review.doc).

**Title:** Bilateral primary xanthoma of the humeri with pathologic fractures: A case report

**Author:** Sayed Ali; Alex Fedenko; Ali B Syed; George Matcuk; Dakshesh Patel; Gottsegen C; Eric White

**Name of Journal:** *World Journal of Radiology*

**ESPS Manuscript NO:** 3851

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer. All changes are highlighted in yellow.

(1) The title has been revised to Bilateral primary xanthoma of the humeri with pathologic fractures: A case report

(2) The plural form of "femur" is "femora", and the plural for "humerus" is "humeri", hence our use of these terms

(3) The second paragraph has been correct according to your recommendation

(4) The biochemical profile including liver enzymes, and the hematological profile, were normal. This statement has been added to the third paragraph of the Case Report section.

(5) The PubMed Id's have been added to the references, and an additional reference added (3. Torigoe T, Terakado A, Suehara Y, Kurosawa H. Xanthoma of bone associated with lipoprotein lipase deficiency. *Skeletal Radiology* 2008;37:1153-6. PMID 18828009) and (11. Huang, Guo-Shu, et al. "Xanthoma of the sacrum." *Skeletal radiology* 33.11 (2004): 674-678. PMID: 15378288)

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Radiology*.

Sincerely yours,

Sayed Ali, MD

Associate Professor of Clinical Radiology
