

ANSWERING REVIEWERS

Dear Editor,

Please find enclosed the edited manuscript in word format (file name: 20922-Review.doc).

Title: Renal ablation using magnetic resonance-guided high intensity focused ultrasound: Magnetic resonance imaging and histopathology assessment

Author: Maythem Saeed, Roland Krug, Loi Do, Steven W Hetts, Mark W Wilson

Name of Journal: *World Journal of Radiology*

ESPS Manuscript NO: 20922

The manuscript has been improved according to the suggestions of reviewers:

1. We revised our manuscript according to the reviewers' and editor's suggestions. A clean version of the manuscript is also enclosed. All changes are highlighted in yellow in the accompanied highlighted version. Main changes are shown in yellow on pages: 3, 6, references list, page 18 Table 1 and 2 legends.
2. To the reviewer, your statement about the ablation sites has been incorporated and table 1 and 2 legends have been revised and all abbreviations defined.

Best regards.
