

31635-Response to reviewers

We thank the Reviewers for their thoughtful evaluation of our manuscript.

In the light of their comments, we provided the information in the title page according to the guideline and format requested, corrected the citations adding square brackets and bibliography format according to the guideline, and added minor language corrections.

We hope that this revised manuscript fulfills the criteria for publication in *World Journal of Cardiology*.

Sincerely,

Jeremie BARRAUD, M.D.
