Response: We appreciate the perspective of the Editorial Office, and to address this point effectively, we have added additional information in the text.

In the **Abstract**, following the statement "in the recent issue of the World Journal of Clinical Oncology," we have added the following text: "2023; 14: 584-592".

In the **Main text**, specifically at the end of the **introduction**, we have added the following paragraph:

"In this sense, we discuss the article by Chua JYJ et al, evaluating the available clinical evidence from various perspectives [16]".

In the **References** section, we have added reference number 16, and consequently, we have adjusted the numbering of subsequent references.
