2 Revision has been made according to the suggestions of the reviewer

Thank you very much for your attention and the suggestions/efforts performed by the reviewers related to our article "Current Aspects of Therapeutic Reduction Mammoplasty for Immediate Early Breast Cancer Management: An Update".

As you suggested, we decided to revise the manuscript. The manuscript has been improved according to the suggestions of reviewers:

1. We added a part showing the methods in such narrative review articles as well as which database and how were searched. The eligibility criteria for study selection and topics selection were included and how we extracted data from selected articles were provided (pages 4 and 5, red text).
2. The references are in order as suggested by the reviewer #2.
- 3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Oncology*

Sincerely yours,

Alexandre Mendonça Munhoz, MD,
