

Dear reviewers,

We would first like to thank you for the comments made. Adjustments have been made.

Unfortunately one of our citations “Internet usage in the United States.

<https://www.statista.com/topics/2237/internet-usage-in-the-united-states/>. Accessed 22 Nov 2019” we could not attain a PUBMED or DOI number for this as this website does not have one and represents the largest data set of internet usage online.

We hope that this will not be a problem and we look at or reviewed manuscript favourably.

Regards,

Dr. Richard Tyrrell
