

Reviewer's comment	Author's response
1. I suggest that the author delete COVID-19 in the key words, and re-describe it in the abstract and conclusion. The word "COVID-19" can be replaced with "epidemic diseases"	Done
2. The "Author Contributions" section is missing.	Added
3. Please prepare and arrange the figures using PowerPoint	Prepared and arranged
4. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references	Added
5. Please obtain permission for the use of picture(s)	It is our pictures and consent was provided
6. The column should be minireviews	It is already minireviews
