The manuscript has been improved according to the suggestions of reviewers:

- (1) we accepted all the suggestion of the Reviewers presented in word track changes mode
- (2) we critically revised the written English to improve the fluidity of the text
- (3) we improved the table 2
- (4) we added more references to table 1 to suggest to the readers more articles useful in the differential diagnosis

We hope that our manuscript will be of interest for the readers of the *World Journal of Clinical Pediatrics*.

Sincerely yours,
