1.	Please follow the WJR format to prepare this manuscript and submit the institute review board statement, clinical trial registration statement and informed consent statement	We would like to thank the reviewer for the evaluation. Since the article is a minireview (pictorial review), our institute review board clearance is not required. The same holds true for the informed consent statement. It is not a clinical trial and hence clinical trial registration statement has not been provided.
2.	Please reduce the number of figures as there are so many in the submission.	As suggested by the reviewer, the number of figures has been reduced. The following figure subsets have been deleted: Fig 4B, Fig 5B, Fig 5C, Fig 8C and Fig 12B.
