

October 27, 2015

Dear Editor,

Please find enclosed the edited manuscript in Word format
(file name: AT Burn Trauma Manu WJCCM Revision 2October27'15.docx).

Title: Antithrombin in the Treatment of Burn Trauma

Author: Areta Kowal-Vern, Bruce A. Orkin

Name of Journal: *World Journal of Critical Care Medicine*

ESPS Manuscript NO: 21826

The manuscript has been improved according to the suggestions of reviewers:

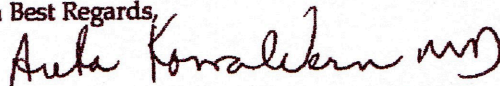

1. Format has been updated and iThenticated.
2. Revision has been made according to the suggestions of the Reviewers
 - (1) Very good review on a hard issue.
 - (2) Laboratory definitions are well-described. As well as the clinical correlates and outcomes of AT treatment. This manuscript sufficiently adds to our collective trauma care knowledge base.

I would like to express my gratitude for your time and valuable comments. Hopefully this report will serve as a nidus for renewed interest in appropriate research into the utilization of Antithrombin in the treatment of burns globally.

3. References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Critical Care Medicine*

With Best Regards,

Areta Kowal-Vern, M.D., FCAP, FASCP, CTBS,
Assistant Professor, Department of General Surgery,
Professional Building, Suite 1138,
Rush University Medical Center,
1725 Harrison Street, Chicago, IL, 60612, United States.
