

Ms. Ref. No.: **64766**

Title: Environmental pollution with psychiatric drugs.

Journal: World Journal of Psychiatry

Dear editor,

Thank you for your answer.

We have revised and edited our manuscript according to your comments.

We would like to thank your time and efforts for improving the manuscript.

We hope now the paper merits the journal and your readers. Thanks in advance.

Sincerely,

Dr. Unax Lertxundi, PhD

Reviewers/Editor comments:

**Reviewer #1:**

Scientific Quality: Grade A (Excellent)

Language Quality: Grade A (Priority publishing)

Conclusion: Accept (High priority)

Specific Comments to Authors: Dear authors, I do not have any specific comments. Best regards The reviewer

Thank you for your comment.

**Reviewer #2:**

Scientific Quality: Grade A (Excellent)

Language Quality: Grade B (Minor language polishing)

Conclusion: Accept (High priority)

Specific Comments to Authors: This is an important paper on a topic with which most psychiatrists are not at all familiar. It needs another quick review for English usage.

Thank you for your comment. We have reviewed English usage.

**(1) Science editor:** 1 Scientific quality: The manuscript describes a Minireview of the Environmental pollution with psychiatric drugs. The topic is within the scope of the WJP.

(1) Classification: Grade A and Grade A;

(2) Summary of the Peer-Review Report: The topic is relatively new, and very important. It needs another quick review for English usage. The questions raised by the reviewers should be answered;

(3) Format: There is 1 table and 4 figures;

(4) References: A total of 92 references are cited, including 5 references published in the last 3 years;

(5) Self-cited references: There are 8 self-cited references.

2 Language evaluation: Classification: Grade A and Grade B.

3 Academic norms and rules: No academic misconduct was found in the Bing search.

4 Supplementary comments: This is an invited manuscript. No financial support was obtained for the study. The topic has not previously been published in the WJP.

5 Issues raised: (1) The language classification is Grade B. Please visit the following website for the professional English language editing companies we recommend: <https://www.wjgnet.com/bpg/gerinfo/240>;

We have reviewed English usage.

(2) The "Author Contributions" section is missing. Please provide the author contributions;

We have added the "Author Contributions" section.

(3) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;

All figures have been prepared and arranged to ensure reprocessing.

(4) Please confirm if the figures are original. Please obtain permission for the use of picture(s). If an author of a submission is re-using a figure or figures published elsewhere, or that is copyrighted, the author must provide documentation that the previous publisher or copyright holder has given permission for the figure to be re-published; and correctly indicating the

reference source and copyrights. For example, “Figure 1 Histopathological examination by hematoxylin-eosin staining (200 ×). A: Control group; B: Model group; C: Pioglitazone hydrochloride group; D: Chinese herbal medicine group. Citation: Yang JM, Sun Y, Wang M, Zhang XL, Zhang SJ, Gao YS, Chen L, Wu MY, Zhou L, Zhou YM, Wang Y, Zheng FJ, Li YH. Regulatory effect of a Chinese herbal medicine formula on non-alcoholic fatty liver disease. World J Gastroenterol 2019; 25(34): 5105-5119. Copyright ©The Author(s) 2019. Published by Baishideng Publishing Group Inc[6]”. And please cite the reference source in the references list. If the author fails to properly cite the published or copyrighted picture(s) or table(s) as described above, he/she will be subject to withdrawal of the article from BPG publications and may even be held liable.

All figures are original except from figure 4. The attribution of this image has been added.

(5) For PMID and DOI numbers of references from English-language journals, please ensure the PMID and DOI numbers in the square brackets.

PMID has been added to each reference, and both PMID and DOI are now in square brackets when available.

6 Recommendation: Conditional acceptance.

Thank you for your comments.

**(2) Company editor-in-chief:** I have reviewed the Peer-Review Report, the full text of the manuscript, and the relevant ethics documents, all of which have met the basic publishing requirements of the World Journal of Psychiatry, and the manuscript is conditionally accepted. I have sent the manuscript to the author(s) for its revision according to the Peer-Review Report, Editorial Office’s comments and the Criteria for Manuscript Revision by Authors. Before final acceptance, uniform presentation should be used for figures showing the same or similar contents; for example, “Figure 1 Pathological changes of atrophic gastritis after treatment. A: ...; B: ...; C: ...; D: ...; E: ...; F: ...; G: ...”.

Thank you for your comment. We have uniformed figure presentation.
