Dear Editor,

Manuscript # Taking care of suicidal patients with new technologies and reaching-out means in the post-discharge period by Pompili et al

Thank you for your reviews of this submission. The reviewer's comments as well as yours were thoughtful and helpful in preparing the attached revision, with the following responses to each of the comments received. We are submitting a marked copy of the manuscript with the track changes option.

Answers to comments:

- We revised the title according to the reviewer's comment.
- We provided English language revision and edited the parts which were indicated.
- We clarified the studied indicated by the reviewer's comment.
- We also revised the limitations of the study.

Given efforts of the Publisher to work with the attached revised manuscript, the authors hereby convey transfers and otherwise assigns all copyright ownership to the Publisher in the event that this work is published. The manuscript contains nothing, to the best of our knowledge, that is unlawful or that might infringe on the rights of any other person, or any copyright.

My coauthors and I hope you will find the revised MS sufficiently improved as to be suitable for timely appearance in World Journal Psychiatry, which continues to seem ideally suited for this material.

Sincerely yours,

Maurizio Pompili, M.D. , Ph.D.

First and Corresponding Author  
maurizio.pompili@uniroma1.it

A handwritten signature in black ink, which appears to read "Maurizio Pompili". The signature is stylized with a large, prominent 'M' and a long, sweeping underline.
