### **Response to the reviewers' comments**

We would like to thank the reviewers for their consideration and their constructive comments.

We have addressed all their suggestions. In particular, we revised the language of our manuscript and made some minor grammatical adjustments. Additionally we have added the comments for each subsection in the end of the manuscript as required [(1) Case characteristics, (2) Clinical diagnosis, (3) Differential diagnosis, (4) Laboratory diagnosis, (5) Imaging diagnosis, (6) Pathological diagnosis, (7) Treatment, (8) Related reports, (9) Term explanation, (10) Experiences and lessons)].

Yours sincerely,

Evangelia Dounousi, Lecturer in Nephrology University of Ioannina
