**ESPS Manuscript NO:** 12055

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1). At the beginning of sentence especially that at beginning of paragraph we do not use abbreviation, we should write the words completely. So that review all the article to change the abbreviation by write complete words in titles and beginning of paragraphs

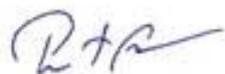

(2). Line 62 remove "an" from "an incubation"

(3). You discuss your results inside the section of results, it should be only for writing the results of experiment not for its discussion, you should write your discussion completely in discussion section

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Virology*.

Sincerely yours,
