

June 25, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format

**Title:** Kidney Regeneration: Where we are and future perspectives

**Authors:** Joao Paulo Zambon, Renata S. Magalhaes, InKap Ko, Christina L. Ross, Giuseppe Orlando, Andrea Peloso, Anthony Atala, James J. Yoo.

**Name of Journal:** World Journal of Nephrology

**ESPS Manuscript NO:** 10765

The manuscript has been improved according to the suggestions of reviewers.

1. Format has been updated

2. Revision has been made according to the suggestions of the reviewers

→ Added considerations about human nephron progenitor cells to prevent chronic kidney injuries;

→ Added considerations about kidney adult cells and clonogenic precursors in vitro and in vivo;

→ Added considerations about generating kidney tissue by embryonic rudiments;

→ Added abbreviations meanings and Legend to the Figure 3.

3. References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Nephrology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'J. P. Zambon', with a horizontal line extending to the right.

Joao Paulo Zambon, MD PhD

Assistant Professor at Federal University of Sao Paulo
