<input type="checkbox"/> Grade E: Poor		

JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This is a reasonable update. Minor comments: The paper will benefit from a careful stylistic revisions, e.g. In this paper critical discussion of diagnostic criteria as well as risk factors are discussed. Perhaps it would be better to use: In this paper we critically reviewed diagnostic criteria as well as risk factors The same for the entire text. Ref#30 has more than 40 co-authors
