		<input type="checkbox"/> Major revision

JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This is a very good mini-review. Authors in this review discuss the discrepancies of PTPN22 in relation to T1D and how it depends on other genetic variables. Understanding the role of PTPN22 in T1D pathogenesis is very important to exploit it as a potential therapeutic target to prevent T1D. It is suggested to accept this article for publication in WJD.
