### JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

This is an interesting clinical review for Therapeutic Endoscopy in Benign Esophageal Disease. This article should accept in World Journal of Gastrointestinal Endoscopy after minor revision. A study report of Dr. Hirao is not about ESD, it described about ERHSE. The method of the ERHSE is the ESD of prototype. Please correct and add the explanation as above. And please add a description of the abbreviations of ARMS.
