JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

Mejía-Rentería HD et al summaries a review on Takotsubo syndrome. They analyzed clinical features, epidemiology and pathophysiology, diagnosis, prognosis and treatment. The authors focus on different hypothesis on pathophysiology and on the role of electrocardiographic features. The present manuscript addresses a topic of clinical interest. It is a well written manuscript and tables are well done. The authors had correctly answered the suggestions raised by the reviewers.
