### JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

I would agree on the decision made by the reviewers. However, I do find the following additional defects that have to be fixed before publication. 1. There is a typo error on the title page, it should be "manuscript" instead of "manscript". 2. On the same page, it is said "Jepsen JB solely contributed to this manuscript". But there are two authors for this paper. Either the corresponding author J?rgen Riis Jepsen is an author without substantial contribution (unethical authorship), which is against the rules, or he has significantly contributed to this work but wrongly expressed here. In any case, this issue should be properly solved.
