JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

The peer reviews of this article do not seem to be performed properly since the comments from the first two reviewers look irrelevant to this paper. The third one is very simple and only partially irrelevant. Despite the fact that the authors claimed their paper has been reviewed by a native speaker, written English is still problematic here and there even in their revision letter and also in Abstract, Core tip and main body. Therefore, it is recommended that the authors hire professional language service to solve the problem.
