

To the Editors in Chief of World Journal of Clinical Cases

Dear Sir or Madam

The invited manuscript: "Cardiovascular disease and COVID19 a deadly combination, a review about the direct and indirect impact of a pandemic". **Number ID: 03414056 Number of Manuscript: 76613** has been revised by all the authors, many of them with a high profile of publications on English language and by me, one of the editorial board members of World Journal of Cardiology
