CONFIRMATION OF EDITING SERVICE

To whom it may concern:

This document serves to confirm that the manuscript entitled

Branched-chain amino acids supplementation have beneficial effects on progression for patients with liver cirrhosis: A meta-analysis

has been edited by a native English-speaking professional manuscript editor to ensure correct grammar and spelling, as well as coherent and clear organization of ideas. No aspect of the scientific content has been changed.

If you have any questions, please do not hesitate to contact us.

Best wishes,

A. Chapin Rodríguez, PhD
Director and Founder, Creaducate Consulting GmbH
