Campinas, December 28th, 2022

**To Whom It May Concern,**

I declare that I reviewed the English version of the manuscript entitled “Effectiveness of Ferric Carboxymaltose for Iron Deficiency Anemia in Crohn’s Disease Patients at a Tertiary Center in Brazil – A retrospective observational cohort study”, to be submitted for publication to a scientific journal.

I am a U.S. citizen and a native speaker of English. I passed the Cambridge Proficiency Exam (CPE) and in 2016 took a 90-hour course for Teachers of Academic Writing in English at the University of Bath, England.

Sincerely,
