Title: Diagnostic Imaging Advances in Murine Models of Colitis

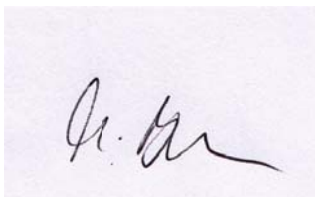

ESPS Manuscript NO: 19109

Authors: Markus Brückner, Philipp Lenz, Marcus M. Mücke, Faekah Gohar, Peter Willeke, Dirk Domagk, Dominik Bettenworth

This is to certify that the first and senior author have spent a significant period of time either in high school or college in the United States of America and are therefore very familiar with the English language. Additionally, the authors have already published in highly rated medical journals for a number of years.

The co-author Faekah Gohar is a native English speaker and medical doctor who was previously working as paediatric academic clinical fellow in Liverpool University, Great Britain, and now works as a researcher in the University Hospital Münster, Germany. She also has her own proofreading and editing service, which has performed a final proofreading of the manuscript.

Therefore, the authors guarantee the language of their manuscript to have reached Grade A.

A handwritten signature in black ink, appearing to read 'M. Brückner', is shown on a light purple background.
