Poland

Olsztyn, 24 April 2017.

To whom it may concern,

This is to certify that the article entitled:

Changes in expression of inhibitory substances in the intramural neurons of the stomach following streptozotocin- induced diabetes in pigs

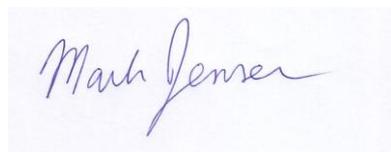

by

Michal Bulc, Katarzyna Palus, Lukasz Zielonka, Magdalena Gajecka, Jaroslaw Calka
University of Warmia and Mazury in Olsztyn, Poland

was edited by myself, Mark Jensen.

Regards

Mark Jensen

A handwritten signature in blue ink that reads "Mark Jensen". The signature is written in a cursive style and is placed on a light blue rectangular background.

Information on the editor: I am a native-speaker of English and have been editing English scientific texts for the past 20 years. The above text was edited for grammatical and orthographical errors.

Information on the certificate: Certificates are issued in PDF format free-of-charge upon request of the authors. The edited version of the text submitted for verification is attached to this certificate and is kept in our office for reference. Laura Translations is not responsible for any changes made to the attached document.

LAURA TRANSLATIONS is one of the six translation companies in a consortium which were selected through a tender to provide the University of Warmia and Mazury in Olsztyn with translation and editing services. Based on an agreement with the University, academic and research staff are obliged to use our services.
