

27th January 2020

To whom it may concern,

I am herein to certify that the manuscript title "Decreased of BAFF-R expression and B cells maturation in patients with hepatitis B virus-related hepatocellular carcinoma" has been edited for English language by a native English speaking medical editor at Office of Research Affairs Chulalongkorn University.

Should you require any additional information, please do not hesitate to contact me.

Robert Douglas John Butcher, Ph.D.
