

**Certificate of Editing by a Native English Speaker**

May 13, 2021

Dear Editor,

Oxford Editing hereby certifies that on May 13, 2021, we copyedited the article "Survival and outcomes for co-infection of chronic hepatitis C with and without cirrhosis and COVID-19: A multicenter retrospective study," written by Dr. Hend Shousha.

One of our professional editors, a native English speaker, copy edited the article, focusing on such issues as grammar, language usage, punctuation, and stylistic consistency.
