## English Editing Certificate for WJG

Dear Sir,

As a native English-speaking medical doctor and scientist, born in Easton, MD USA, and educated at the University of Oklahoma, USA, I have thoroughly revised the manuscript '*Time-trends and outcomes of gastrostomy placement in a Swedish national cohort over two decades*' by Martin Löfling Skogar and Magnus Sundbom, to fulfill the requirements of academic publishing.

I have edited the manuscript for proper grammar and spelling, punctuation as well as active and passive voice, and sentence structure.

It is my firm belief that the language of the manuscript has reached grade A.

The authors confirm the revisions made during the editing process.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Katharina Stevens'.
