Subject: Language revision of the manuscript.

The manuscript titled “ The effect of SGLT-2 inhibitors on NAFLD in patients with type 2 diabetes mellitus - a systematic review ” was re-edited carefully by one of the co-authors, Dr. Sadishkumar Kamalanathan.

Dr. Sadishkumar is additional professor and head of the department of Endocrinology at Jawaharlal Institute of Postgraduate Medical Education and Research, Puducherry, India. He has around 60 international peer-reviewed publications and 6 book chapters in English. He is an accomplished peer reviewer for journals like BMJ Case Reports, Diabetes Technology & Therapeutics, Indian Journal of Medical Research, Indian Journal of Endocrinology and Metabolism, Quarterly Journal of Medicine, etc. He is also an ad hoc reviewer of abstracts submitted for the last four US Endocrine Society's annual ENDO meetings (2015-2018).

Dr. Sadishkumar Kamalanathan

Additional professor and head of the department,

Department of Endocrinology,

JIPMER, Puducherry, India.
