

Dear Editor,

We submit an invited editorial titled "Is there a role for glucagon-like peptide-1 receptor agonists in the management of diabetic nephropathy?" for consideration for publication in the World Journal of Diabetes. The paper has not been published before and is not under consideration for publication elsewhere. We have no conflict of interest to declare. This is an invited editorial and my ID is 00036318. A native English speaker has edited the paper.

Best regards,
