June 19, 2021

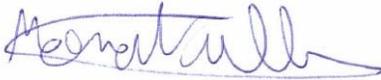

Dear Dr Lian-Sheng Ma,

We are delighted to the preliminary acceptance of our invited review manuscript entitled “Epidemiology of Type 2 Diabetes in the Middle East and North Africa: Challenges and Call for Action” to Word Journal of Diabetes.

As per the reviewers and journal editor’s recommendations, we have resorted to the professional editing services review of the Writing Center ([https://www.aub.edu.lb/fas/writing\\_center/Pages/default.aspx](https://www.aub.edu.lb/fas/writing_center/Pages/default.aspx)) at the American University of Beirut. The manuscript was reviewed by Dr Amy Zenger, Associate Professor of English and Writing Center Director. Her contacts are available at <https://www.aub.edu.lb/Search/Pages/People.aspx>, and her email is [az07@aub.edu.lb](mailto:az07@aub.edu.lb) ).

We hope you will find the English polishing up to the Standards of the Journal.

Sincerely,

**Mona Nasrallah M.D**
